

Exhibition Highlights

- Exhibition Name : POWERGEN Asia 2019
- Exhibition Date : 03~05 September 2019
- Exhibition Location : Malaysia International Trade and Exhibition Centre
- Exhibition Highlights :

PowerGen Series exhibition is the most influential exhibition in the world and is held all over the world such as PowerGen Asia, PowerGen Europe, PowerGen India, PowerGen Africa, PowerGen Australia and so on. At this time, FHI participated in PowerGen Asia 2019 exhibition at Kuala Lumpur, Malaysia.

The main topic of FHI's demonstration was "Environmental-Friendly Power Generation" and "Clean Coal Generation Technology." We not only aim at providing the existing service for "Clean Coal Generation Technology" but also engage the activities of the new power business such as Renewable Energy, Green Energy, Supercritical Coal-Fired Power Plant, Combined Cycle Gas Power. Moreover, we also introduced our EPC reference list in Taiwan, China, Indonesia, and the Philippines.
